

Basic Pistol Course

The Basic Pistol Course provides the fundamentals of using a pistol, to include the types of pistols, caliber and ammunition available. You will understand the functions of a semi-automatic and revolver pistol, and how to properly use, care, store, and safely transport a pistol.

You will learn how to choose the right pistol, and ammunition, for your purpose and the proper application (sport, concealed carry, or home defense), and the varied pistol sports available.

- Firearm safety rules and guidelines
- Pistol nomenclature and operation
- Pistol handling and manipulation
- Pistol maintenance and cleaning
- Loading and unloading procedures
- Shooting techniques
- Range safety protocols and procedures
- Laws and regulations regarding the possession and use of firearms.
- How to properly store and secure the firearms.
- Emergency procedures in case of an accidental discharge.
