

# Child Safety Orientation (Ages 6 to 14)

Raising a young child is stressful and worrisome. The challenges become many as they gain more mobility, confidence, and their curiosity builds. TRAEX Tactical Solutions LLC provides young children, and their parents, with techniques, tools and practices that will help your child make safe decisions in and away from your home.

The course is provided by experienced public safety officials, who are also parents. We have been there and can provide you and your children with many safety tips and techniques to keep your children safe while giving you some peace of mind.

Contact TRAEX Tactical Solutions LLC regarding training dates and venue options.
