TRAEX TACTICAL SOLUTIONS LLC

USCCA Conceal Carry Course

This USCCA concealed carry course is a training program designed to educate individuals on the safe and responsible use of firearms for personal protection. The course is designed for individuals who want to obtain foundation of pistol firearm skills with the focus on concealed carry.

The course covers topics such as firearm safety, basic firearm operation, marksmanship fundamentals, and the legal and ethical aspects of using a firearm for self-defense. Attendees will learn situational awareness, conflict avoidance, and decision-making skills.

Participants will be required to pass a written test and demonstrate proficiency in the use of a firearm through a shooting exercise. Students will be required to demonstrate safe handling and storage of firearms.

The duration of the concealed carry course is approximately 8 hours and is taught by a United States Conceal Carry Association and National Rifle Association certified firearms instructors who are also former law enforcement who have experience and required qualifications.

The concealed carry course is designed to provide individuals with the knowledge and skills necessary to safely and responsibly carry a concealed firearm for personal protection.
